KWIZ FOR THE KIDZ 2010 ANOTHER TRIVIA EXTRAVAGANZA

KWIZ FOR THE KIDZ 2010 was another fun filled night, hosted by Brian Nankervis from Rockwiz. He kept the crowd vibed and working together answering an assortment of music and other trivia. Entertainment from Carneval Strings was much appreciated before the Kwiz started then they participated in a round of questions. Lindsay Field from the John Farnham band also provided a live round of

movie and TV songs which was sublime...what a voice! Wendy Stapleton and her trio sang a few numbers whilst the scores were being tallied and we thank her and the others for such classy entertainment.

Philanthropic runners wanted!!!

If you can walk/run 5km or 10km or even a half marathon consider making it your goal to do this and make a difference to families with kids on the autism spectrum.

Run Melbourne has been moved to

SUNDAY 18TH JULY...so it is no longer in the school holidays!!! You can register then set up your own EveryDay Hero page to start fundraising for L4life...it is so easy.

www.runmelbourne.com.au

You can form your own teams from work, school, family or just go solo...I will be back doing the 10km again (possibly slower than last time!) and we will have the Gleisner/Muirhead family team having a go...plus other teams/individuals too!

Let me know if you want to join in...I will post you a L4life cap to show you are helping out L4life

STAFF NEWS

We welcome back L4life Program Director, Naomi Labrum, (pictured right) who returns after maternity leave. It is fantastic to have Naomi back part time and I know many of our families have met with her.

We wish Rachel Larke, L4life psychologist, the best for an exciting training experience at the Lovaas Institute in the US ...Rachel will receive further training that she will share with staff on her return in September. To get a feel for the programs we deliver, there is a great video on the Lovaas website showing programs similar to those at L4life. "Partners in Possibility"
